

# Honoring Bridgeport Hospital Nurses

Nurses' Week: May 6-12, 2010

*Representatives of Bridgeport Hospital's Award-Winning Pulmonary Medicine Nursing Team.*

We honor the men and women whose dedication to the sick and injured contribute to improving the health and well-being of society.

Nurses touch the lives of patients, families and colleagues in countless ways. Whether expertly navigating a complex patient

care situation or listening to a family's concerns, nurses deliver a special touch with patience, kindness and professionalism.

We are grateful to our more than 600 nurses for their outstanding commitment and their dedication to our patients. We are proud that they have chosen to provide care at Bridgeport Hospital.
